**NOTES TO CONDENSED FINANCIAL STATEMENTS**  
**JUNE 30, 2015**

**NOTE 1 – NATURE OF OPERATIONS AND BASIS OF PRESENTATION**

First Fixtures, Inc. was incorporated in the State of Nevada as a for-profit Company on February 21, 2014 and established a fiscal year end of March 31. The Company is organized to sell plumbing fixtures over the internet.

**Basis of presentation – Unaudited Financial Statements**

The accompanying unaudited financial statements have been prepared in accordance with generally accepted accounting principles for financial information and with the instructions to Form 10-Q. They do not include all information and footnotes required by United States generally accepted accounting principles for complete financial statements. However, except as disclosed herein, there has been no material changes in the information disclosed in the notes to the financial statements for the fiscal year ended March 31, 2015 included in the Company's Form 10-K filed with the Securities and Exchange Commission. The unaudited financial statements should be read in conjunction with those financial statements included in the Form 10-K. In the opinion of Management, all adjustments considered necessary for a fair presentation, consisting solely of normal recurring adjustments, have been made. Operating results for the three months ended June 30, 2015 are not necessarily indicative of the results that may be expected for the year ending March 31, 2016.

**Going concern**

To date the Company has generated no revenues from its business operations and has incurred operating losses since inception of \$27,504. As at June 30, 2015, the Company has a working capital deficit of \$19,414. The Company will require additional funding to meet its ongoing obligations and to fund anticipated operating losses. The ability of the Company to continue as a going concern is dependent on raising capital to fund its initial business plan and ultimately to attain profitable operations. Accordingly, these factors raise substantial doubt as to the Company's ability to continue as a going concern. The Company intends to continue to fund its business by way of private placements and advances from related parties as may be required. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classification of liabilities that might result from this uncertainty.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Use of Estimates and Assumptions**

Preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Accordingly, actual results could differ from those estimates.

**Cash and Cash Equivalents**

For purposes of the statement of cash flows, the Company considers highly liquid financial instruments purchased with a maturity of three months or less to be cash equivalents.

**Financial Instruments**

The carrying amount of the Company's financial assets and liabilities approximates their fair values due to their short term maturities.

**Basic and Diluted Loss per Common Share**

The basic earnings (loss) per share are calculated by dividing the Company's net income available to common shareholders by the weighted average number of common shares during the year. The diluted earnings (loss) per share is calculated by dividing the Company's net income (loss) available to common shareholders by the diluted weighted average number of shares outstanding during the year. The diluted weighted average number of shares outstanding is the basic weighted number of shares adjusted for any potentially dilutive debt or equity. Diluted earnings (loss) per share are the same as basic earnings (loss) per share due to the lack of dilutive items in the Company. As of June 30, 2015 and 2014, there were no common stock equivalents outstanding.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**Income Taxes**

The Company follows the liability method of accounting for income taxes. Under this method, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax balances and tax loss carry-forwards. Deferred tax assets and liabilities are

measured using enacted or substantially enacted tax rates expected to apply to the taxable income in the years in which those differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the date of enactment or substantive enactment.

**Stock-based Compensation**

The Company follows ASC 718-10, "Stock Compensation", which addresses the accounting for transactions in which an entity exchanges its equity instruments for goods or services, with a primary focus on transactions in which an entity obtains employee services in share-based payment transactions. ASC 718-10 is a revision to SFAS No. 123, "Accounting for Stock-Based Compensation," and supersedes Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees," and its related implementation guidance. ASC 718-10 requires measurement of the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award (with limited exceptions). Incremental compensation costs arising from subsequent modifications of awards after the grant date must be recognized. As of June 30, 2015 the Company had not adopted a stock option plan nor had it granted any stock options. Accordingly no stock-based compensation has been recorded to date.

**Recent Accounting Pronouncements**

In June 2014, the FASB issued ASU 2014-10, "Development Stage Entities (Topic 915): Elimination of Certain Financial Reporting Requirements, Including an Amendment to Variable Interest Entities Guidance in Topic 810, Consolidation". The guidance eliminates the definition of a development stage entity thereby removing the incremental financial reporting requirements from U.S. GAAP for development stage entities, primarily presentation of inception to date financial information. The provisions of the amendments are effective for annual reporting periods beginning after December 15, 2014, and the interim periods therein. However, early adoption is permitted. Accordingly, the Company has adopted this standard as of June 30, 2014.

The Company does not expect the adoption of any other recent accounting pronouncements to have a material impact on its financial statements.

**NOTE 3 – CAPITAL STOCK**

On February 28, 2014, the Company issued 2,590,000,000 (5,000,000 pre-split) common shares at \$0.00000193 per share to the sole director and President of the Company for cash proceeds of \$5,000.

On April 5, 2015, the Company issued 40,017,572 shares of its common stock for \$3,090 in cash.

On April 23, 2015 the directors of the Company increased its Share Capital from 75,000,000 authorized common shares to 200,000,000 authorized common shares with the same par value of \$0.001 per share. No preferred shares have been authorized or issued.

On April 23, 2015, the directors of the Company approved a special resolution to undertake a forward split of the common stock of the Company on a basis of 518 new common shares for 1 old common share. All references in these financial statements to number of common shares, price per share and weighted average number of shares outstanding prior to the 518:1 forward split have been adjusted to reflect the stock split on a retroactive basis, unless otherwise noted.

On April 24, 2015, the founding shareholder of the Company returned 2,529,974,160 (4,884,120 pre-split) restricted shares of common stock to treasury and the shares were subsequently cancelled by the Company. The shares were returned to treasury for \$0.000000004 per share for a total consideration of \$10 to the shareholder.

**NOTE 4 – RELATED PARTY TRANSACTIONS**

At June 30, 2015, the Company owed \$14,132 (March 31, 2015 \$11,422) to its Chief Executive Officer. During the three month periods ended June 30, 2015 and 2014, the Company received cash advances from the CEO of \$2,710 and \$4,000, respectively. All amounts due to the related party are unsecured, non-interest bearing and are due on demand.

**NOTE 5 – SUBSEQUENT EVENTS**

On July 20, 2015, the Chief Executive Officer advanced \$3,459 to the Company. As with prior cash advances, amounts due to the related party are unsecured, non-interest bearing and are due on demand.

## **Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.**

This section of this Form 10-Q includes a number of forward-looking statements that reflect our current views with respect to future events and financial performance. Forward-looking statements are often identified by words like believe, expect, estimate, anticipate, intend, project and similar expressions, or words which, by their nature, refer to future events. You should not place undue certainty on these forward-looking statements. These forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from our predictions.

### **Results of Operations**

For the three month period ended June 30, 2015 we had no revenue. Expenses for the three month period ended June 30, 2015 totaled \$9,013 resulting in a Net loss of \$9,013 compared to expenses totaling \$5,900 and a net loss of \$5,900 for the three month period ended June 30, 2014. The Net Loss for the three month period ended June 30, 2015 is a result of General and administrative expense of \$9,013 comprised primarily of accounting expense and printing expense. The Net Loss for the three month period ended June 30, 2014 is comprised primarily of accounting expense and printing expense.

### **Capital Resources and Liquidity**

The funds available to the Company will not be sufficient to fund the planned operations of the Company and maintain a reporting status. The Company's sole officer and director, Mr. Meyer has indicated that he may be willing to provide a maximum of \$25,000, required to fund the offering expenses and maintain the reporting status, in the form of a non-secured loan for the next twelve months as the expenses are incurred if no other proceeds are obtained by the Company. However, there is no contract or written agreement in place.

As of June 30, 2015, we had \$Nil in cash as compared to \$Nil in cash at March 31, 2015. The funds available to the Company will not be sufficient to fund the planned operations of the Company and maintain a reporting status. As of June 30, 2015, the Company's sole officer and director, Mr. Povall has loaned the Company \$14,132 and he has indicated that he may be willing to provide a maximum of \$25,000, required maintain the reporting status, in the form of a non-secured loan for the next twelve months as the expenses are incurred if no other proceeds are obtained by the Company. However, there is no contract or written agreement in place.

We do not anticipate researching and releasing any further features to our software nor do we foresee the purchase or sale of any significant equipment. We also do not expect any significant additions to the number of employees.

### **Off-balance sheet arrangements**

Other than the situation described in the section titled Capital Recourses and Liquidity, the company has no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect or change on the company's financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors. The term "off-balance sheet arrangement" generally means any transaction, agreement or other contractual arrangement to which an entity unconsolidated with the company is a party, under which the company has (i) any obligation arising under a guarantee contract, derivative instrument or variable interest; or (ii) a retained or contingent interest in assets transferred to such entity or similar arrangement that serves as credit, liquidity or market risk support for such assets.

**Item 3. Quantitative and Qualitative Disclosures About Market Risk.**

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information required under this item.

**Item 4. Controls and Procedures.**

*Disclosure Controls and Procedures*

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in our reports filed or submitted under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported, within the time period specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in our reports filed or submitted under the Securities Exchange Act of 1934 is accumulated and communicated to management including our principal executive officer and principal financial officer as appropriate, to allow timely decisions regarding required disclosure.

In connection with this quarterly report, as required by Rule 15d-15 under the Securities Exchange Act of 1934, we have carried out an evaluation of the effectiveness of the design and operation of our company's disclosure controls and procedures. This evaluation was carried out under the supervision and with the participation of our company's management, including our company's principal executive officer and principal financial officer. Based upon that evaluation, our company's principal executive officer and principal financial officer concluded that subject to the inherent limitations noted in this Part II, Item 9A(T) as of June 30, 2015, our disclosure controls and procedures were not effective due to the existence of material weaknesses in our internal controls over financial reporting.

*Changes in Internal Control Over Financial Reporting*

There were no changes in our internal control over financial reporting (as defined in Rule 13a-15(f) or 15d-15(f)) during the quarter ended June 30, 2015 that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.
