NOTE 1 – NATURE OF OPERATIONS AND BASIS OF PRESENTATION

First Fixtures, Inc. was incorporated in the State of Nevada as a for-profit Company on February 21, 2014 and established a fiscal year end of March 31. The Company is organized to sell plumbing fixtures over the internet.

Basis of presentation – Unaudited Financial Statements

The accompanying unaudited financial statements have been prepared in accordance with generally accepted accounting principles for financial information and with the instructions to Form 10-Q. They do not include all information and footnotes required by United States generally accepted accounting principles for complete financial statements. However, except as disclosed herein, there has been no material changes in the information disclosed in the notes to the financial statements for the fiscal year ended March 31, 2015 included in the Company's Form 10-K filed with the Securities and Exchange Commission. The unaudited financial statements should be read in conjunction with those financial statements included in the Form 10-K. In the opinion of Management, all adjustments considered necessary for a fair presentation, consisting solely of normal recurring adjustments, have been made. Operating results for the nine months ended December 31, 2015 are not necessarily indicative of the results that may be expected for the year ending March 31, 2016.

Going concern

To date the Company has generated no revenues from its business operations and has incurred operating losses since inception of \$39,573. As at December 31, 2015, the Company has a working capital deficit of \$31,483. The Company will require additional funding to meet its ongoing obligations and to fund anticipated operating losses. The ability of the Company to continue as a going concern is dependent on raising capital to fund its initial business plan and ultimately to attain profitable operations. Accordingly, these factors raise substantial doubt as to the Company's ability to continue as a going concern. The Company intends to continue to fund its business by way of private placements and advances from related parties as may be required. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classification of liabilities that might result from this uncertainty.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates and Assumptions

Preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers highly liquid financial instruments purchased with a maturity of three months or less to be cash equivalents.

Financial Instruments

The carrying amount of the Company's financial assets and liabilities approximates their fair values due to their short term maturities.

Basic and Diluted Earnings (Loss) per Common Share

The basic earnings (loss) per share are calculated by dividing the Company's net income available to common shareholders by the weighted average number of common shares during the year. The diluted earnings (loss) per share is calculated by dividing the Company's net income (loss) available to common shareholders by the diluted weighted average number of shares outstanding during the year. The diluted weighted average number of shares outstanding is the basic weighted number of shares adjusted for any potentially dilutive debt or equity. Diluted earnings (loss) per share are the same as basic earnings (loss) per share due to the lack of dilutive items in the Company. As of December 31, 2015 and 2014, there were no common stock equivalents outstanding.

Income Taxes

The Company follows the liability method of accounting for income taxes. Under this method, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax balances and tax loss carry-forwards. Deferred tax assets and liabilities are measured using enacted or substantially enacted tax rates expected to apply to the taxable income in the years in which those differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the date of enactment or substantive enactment.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Stock-based Compensation

The Company follows ASC 718-10, "Stock Compensation", which addresses the accounting for transactions in which an entity exchanges its equity instruments for goods or services, with a primary focus on transactions in which an entity obtains employee services in share-based payment transactions. ASC 718-10 is a revision to SFAS No. 123, "Accounting for Stock-Based Compensation," and supersedes Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees," and its related implementation guidance. ASC 718-10 requires measurement of the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award (with limited exceptions). Incremental compensation costs arising from subsequent modifications of awards after the grant date must be recognized. As of December 31, 2015 the Company had not adopted a stock option plan nor had it granted any stock options. Accordingly no stock-based compensation has been recorded to date.

Recent Accounting Pronouncements

The Company does not expect the adoption of any other recent accounting pronouncements to have a material impact on its financial statements.

NOTE 3 – CAPITAL STOCK

On February 28, 2014, the Company issued 2,590,000,000 (5,000,000 pre-split) common shares at \$0.0000193 per share to the sole director and President of the Company for cash proceeds of \$5,000.

On April 5, 2015, the Company issued 40,017,572 shares of its common stock for \$3,090 in cash.

On April 23, 2015 the directors of the Company increased its Share Capital from 75,000,000 authorized common shares to 200,000,000 authorized common shares with the same par value of \$0.001 per share. No preferred shares have been authorized or issued.

On April 23, 2015, the directors of the Company approved a special resolution to undertake a forward split of the common stock of the Company on a basis of 518 new common shares for 1 old common share. All references in these financial statements to number of common shares, price per share and weighted average number of shares outstanding prior to the 518:1 forward split have been adjusted to reflect the stock split on a retroactive basis, unless otherwise noted.

On April 24, 2015, the founding shareholder of the Company returned 2,529,974,160 (4,884,120 pre-split) restricted shares of common stock to treasury and the shares were subsequently cancelled by the Company. The shares were returned to treasury for \$0.000000004 per share for a total consideration of \$10 to the shareholder.

NOTE 4 – RELATED PARTY TRANSACTIONS

At December 31, 2015, the Company owed \$34,774 (March 31, 2015 \$11,422) to its Chief Executive Officer. During the nine month periods ended December 31, 2015 and 2014, the Company received cash advances from the CEO of \$23,352 and \$9,600 respectively. All amounts due to the related party are unsecured, non-interest bearing and are due on demand.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

This section of this Form 10-Q includes a number of forward-looking statements that reflect our current views with respect to future events and financial performance. Forward-looking statements are often identified by words like believe, expect, estimate, anticipate, intend, project and similar expressions, or words which, by their nature, refer to future events. You should not place undue certainty on these forward-looking statements. These forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from our predictions.

Results of Operations

For the three month period ended December 31, 2015 we had no revenue. For the three month period ended December 31, 2014 we had no revenue. Expenses for the three month period ended December 31, 2015 totaled \$5,665 resulting in a Net loss of \$5,665. The Net Loss for the three month period ended December 31, 2015 is a result of General and administrative expense of \$5,665 comprised primarily of accounting expense and printing expense. Expenses for the comparative three month period ended December 31, 2014 totaled \$3,923 resulting in a Net loss of \$3,923. The Net Loss for the three month period ended December 31, 2014 is a result of General and administrative expense of \$3,923 comprised primarily of accounting expense and printing expense.

Expenses for the nine month period ended December 31, 2015 totaled \$21,082 resulting in a Net loss of \$21,082. The Net Loss for the nine month period ended December 31, 2015 is a result of General and administrative expense of \$21,082 comprised primarily of accounting expense and printing expense. Expenses for the comparative nine month period ended December 31, 2014 totaled \$13,783 resulting in a Net loss of \$13,783. The Net Loss for the nine month period ended December 31, 2014 is a result of Office and general expense of \$13,784 comprised primarily of accounting expense and printing expense.

Capital Resources and Liquidity

Our auditors have issued a "going concern" opinion, meaning that there is substantial doubt if we can continue as an on-going business for the next twelve months unless we obtain additional capital. No substantial revenues are anticipated until we have completed the financing from this offering and implemented our plan of operations. With the exception of cash advances from our sole Officer and Director, our only source for cash at this time is investments by others in this offering. We must raise cash to implement our strategy and stay in business. The amount of the offering will likely allow us to operate for at least one year.

As of December 31, 2015, we had \$3,463 in cash as compared to \$NIL in cash at March 31, 2015. Total liabilities for the period ended December 31, 2015 were \$34,946 and compared to \$13,491 in total liabilities at March 31, 2015.

The funds available to the Company will not be sufficient to fund the planned operations of the Company and maintain a reporting status. At December 31, 2015, the Company owed \$34,774 (March 31, 2015 \$11,422) to its Chief Executive Officer. During the nine month periods ended December 31, 2015 and 2014, the Company received cash advances from the CEO of \$23,352 and \$9,600 respectively. All amounts due to the related party are unsecured, non-interest bearing and are due on demand.

Our auditors have issued a "going concern" opinion, meaning that there is substantial doubt if we can continue as an on-going business for the next twelve months unless we obtain additional capital. No substantial revenues are anticipated until we have implemented our plan of operations. With the exception of cash advances from our sole Officer and Director, our only source for cash at this time is investments by others. We must raise cash to implement our strategy and stay in business.

Off-balance sheet arrangements

Other than the situation described in the section titled Capital Recourses and Liquidity, the company has no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect or change on the company's financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors. The term "off-balance sheet arrangement" generally means any transaction, agreement or other contractual arrangement to which an entity unconsolidated with the company is a party, under which the company has (i) any obligation arising under a guarantee contract, derivative instrument or variable interest; or (ii) a retained or contingent interest in assets transferred to such entity or similar arrangement that serves as credit, liquidity or market risk support for such assets.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information required under this item.

Item 4. Controls and Procedures.*Disclosure Controls and Procedures*

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in our reports filed or submitted under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported, within the time period specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in our reports filed or submitted under the Securities Exchange Act of 1934 is accumulated and communicated to management including our principal executive officer and principal financial officer as appropriate, to allow timely decisions regarding required disclosure.

In connection with this quarterly report, as required by Rule 15d-15 under the Securities Exchange Act of 1934, we have carried out an evaluation of the effectiveness of the design and operation of our company's disclosure controls and procedures. This evaluation was carried out under the supervision and with the participation of our company's management, including our company's principal executive officer and principal financial officer. Based upon that evaluation, our company's principal executive officer and principal financial officer concluded that subject to the inherent limitations noted in this Part II, Item 9A(T) as of December 31, 2015, our disclosure controls and procedures were not effective due to the existence of material weaknesses in our internal controls over financial reporting.

Changes in Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting (as defined in Rule 13a-15(f) or 15d-15(f)) during the quarter ended December 31, 2015 that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

PART II—OTHER INFORMATION

Item 1. Legal Proceedings.

Currently we are not involved in any pending litigation or legal proceeding.

Item 1A. Risk Factors.

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information required under this item.

Item 2. Unregistered Sales of Securities and Use of Proceeds.

CERTIFICATIONS

I, Colin Povall, certify that:

1. I have reviewed this quarterly report of First Fixtures, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in the Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrants disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrants internal control over financial reporting that occurred during the registrants most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal controls over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and,
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
